Products and Services Description

The Ralph Smith for City Council Campaign does not offer a product or service for sale. We are focused on serving the community to bring about real change.

Unlike any traditional company, our “product” is a call to action. Our candidate can only get elected with your support, through your work as a volunteer, your contributions, and especially your votes.

On this site, you can demonstrate your support by signing up to volunteer, or by making a monetary contribution, or both. It goes without saying, but you cannot vote on this site.

If you contribute, under Florida law, the maximum that you can contribute to the campaign is \$1,000. Contributing more will trigger an automatic refund of the excess. (See our Refund Policy.) You can make your contribution recurring as long as the total amount will not exceed \$1,000.

You can sign up to volunteer. If you do, you consent to receive electronic communications from the campaign via an e-mail address you provide. Your subscription to our volunteer e-mail list(s) will continue until revoked by you.

You can subscribe to our electronic campaign-related communications. If you do, you consent to receive electronic communications from the campaign via an e-mail address you provide. Your subscription to our campaign e-mail list(s) will continue until revoked by you.

- **Changes to the Policy:** The Ralph Smith Campaign periodically reviews and updates our policy for communicating with you via occasional email updates. We will post any updates about that policy on our website.
